

# Europe and America in the mirror

Ściąganie książek pdf

Europe and America in the mirror pobierz PDF A vivid and more or less stable partnership between European and American countries is generally regarded as a key issue and particularly serious challenge in terms of cultural, economic, historical, political, and social developments and changes on both sides of the Atlantic Ocean. This volume aims at bringing together various approaches, concepts, and analyses that are currently on the agenda in academic discussions in transatlantic and international relations studies.
